

Reef-UKC Participation at Net Zero Research Network Conference

On June 3rd, 2025, Dr Ahmed Rezk and Durga Prasad from Reef-UKC participated in the Decarbonisation of Heating & Cooling Conference in Durham, hosted by the Net Zero Research Network.

During the conference, Dr. Ahmed Rezk delivered a presentation where he detailed Reef-UKC's research network initiatives and highlighted opportunities within our seed funding projects. He actively encouraged conference participants to consider applying for seed funding and engaging with our broader network activities.
